Tupperware®

Tupperware Warranties

Limited Lifetime Warranty Tupperware® brand products are warranted by Tupperware against chipping, cracking, breaking or peeling under normal non-commercial use for the lifetime of the product.

Quality Warranty Products in this catalog designated with the **Q** symbol are warranted to be free of manufacturing defects for one year from the date of purchase.

30-Day Warranty Products in this catalog designated with the **G** symbol are warranted to be free of manufacturing defects for 30 days from the date of purchase. The **G** warranty does not include chipping or breaking of glass or china items due to dropping.

Cookware Limited Warranty Chef Series™ Culinary Collection carries a lifetime warranty against defects in the material and workmanship under normal or household non-commercial use.

Right to Cancel

You may cancel this transaction without penalty or obligation, within three business days from the transaction date below. If you cancel, you must make available to the seller at your residence, in substantially as good condition as when received, any goods delivered to you under this contract of sale; or you may, if you wish comply with instructions of the seller regarding the return shipment of the goods at the seller's expense and risk. If you do not agree to return the goods to the seller or if the seller does not pick them up within 20 days of the date of your notice of cancellation, you may remail or deliver a signed and dated copy of this cancellation notice or may use other written notice, or to expedite cancellation call your Consultant.

I hereby cancel this transaction:

Date of Transaction	Name of Seller
Date of Cancellation	Buyer's Signature

Warranty coverage on glass covers does not include breaking due to dropping. The nonstick coating carries a 10-year limited warranty against defects in the material of workmanship. Limited warranty specifically excludes damage to nonstick coating attributable to misuse, accidents or alterations to the products or any damage which does not impair the functionality of the product.

Replacement If you receive a product you believe to be covered by one of the foregoing warranties, call your Tupperware Consultant or Director for a free replacement. Warranty replacement for Chef Series™ Knives or Cookware requires shipping the product to Tupperware at your expense. If, due to unavailability, actual product replacement cannot be made, we will credit the full purchase price amount toward future purchases of Tupperware® brand products. If the issue is not covered by warranty, the product will not be returned. Warranty replacement items or parts will be subject to shipping and handling charges. Tupperware Directors are listed in the telephone directory White Pages under "Tupperware." If no Director listing appears in your area directory, please write to: Tupperware, Customer Care Department, P.O. Box 2353, Orlando, Florida 32802. Or phone 1-888-TUPWARE (1-888-887-9273). This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Use and Care of Tupperware® Brand Products

Congratulations! You've bought Tupperware® brand products which are warranted for a lifetime of beauty and service with minimum care. Follow these simple steps for best results:

Cleaning

If you bought your Tupperware® brand products after September 3, 1979, you can wash them in the dishwasher (except for products listed below).

When you load the dishwasher:

- Wash seals and containers in the same area of the dishwasher
- Place your Tupperware® brand products securely where the water will not force them loose, they will melt or warp if they touch the heating elements. For stains – use a baking soda paste

Please hand wash these products:

- E-Series™ Knives
- Chef Series Knives
- Chef Series Culinary Collection
- Counterparts® containers
- Tuppertoys® items
- Get Together® Containers
- Cake and Pie Takers
- Watercolor® Collection
- Cheese Server
- Peeler Plus
- Ice Cream Scoop
- Imprinted Licensed Items
- Any other Tupperware® brand products you bought before September 3, 1979

When you hand wash:

- Use warm, soapy water and a soft cloth or sponge.
- Dry with a soft towel, or air dry away from direct heat.
- Avoid any abrasive (even baking soda) on these items. Abrasive will dull the finish or leave scratches.

Storing

- Store containers and seals separately (to keep containers air fresh)
- Keep all Tupperware® brand products away from sharp utensils that can scratch smooth surfaces.

Storing Food in Tupperware® Containers

- Cool hot liquids that contain fat before you place them in Tupperware® brand containers. Soups, sauces, oils, or cooking grease can get hot enough to damage the containers.
- When you use Tupperware® brand containers to store hot beverages made with boiling water, let the liquid cool before handling the container.

Microwave Cooking of Food in Tupperware® Products

Use ONLY TupperWave® or UltraPro Ovenware™ or the Oval Microwave cooker for microwave cooking. You will see that phrase "For Microwave Use only" on the product if it is TupperWave® cookware. If you don't see the phrase, please don't use in your microwave. The TupperWave® product line is guaranteed for a lifetime of cooking when you use and care for it properly. Use the guidelines that follow for TupperWave® cookware.

Microwave Cooking

- Use your TupperWave® products ONLY in the microwave
- Do **not** use TupperWave® products:
 - In the conventional oven
 - In the broiler
 - On the stove
 - In convection microwave ovens
- Be sure to remove the seal before you cook
- Always use potholders to handle containers after cooking in the microwave
- Use plastic or wooden utensils to avoid scratches
- Casseroles are not recommended for cooking popcorn
- Avoid cooking small amounts of food high in fat and sugar

Using UltraPro Ovenware™ Casseroles

- Use in microwave or conventional oven.
- Follow microwave safety practices printed above.
- Do not broil or bake in conventional oven at higher than 450°F

Reheating Foods in Tupperware® Reheatable Products

- Use your reheatable products in the microwave.
- Do **not** use reheatable products:
 - In the conventional oven
 - In the broiler
 - On the stove
 - In convection microwave ovens
- Do not use container in the microwave with the classic Tupperware® seal applied
- Tupperware® reheatable containers are designed for reheating only. Do not use them to cook foods and use extra care when reheating foods that are high in sugar, oil and fat.
- Reheating tomato-based sauces and foods may cause staining as a result of natural food colorants found in many vegetables.
- Always use potholders to handle containers after reheating in the microwave.
- If overheating occurs, allow container to cool before handling.

Storing Food in TupperWave®, UltraPro Ovenware and Re-heatable Products

- Allow food to cool before you apply seal.
- If the seal seems too tight, place it in hot water for a few minutes; dry thoroughly, then apply to container while the seal is still warm.

Cleaning TupperWave®, UltraPro Ovenware and Re-heatable Products.

- Wash containers and seals in the dishwasher or in hot, soapy water (seal on top rack only).
- Soak in hot, soapy water if food is sticky or baked on.
- For persistent stains, use one of the following:
 - Non-scratch cleaner
 - Non-scratch pad
 - Strong solution of dishwasher detergent and water (¼ cup detergent to 1 cup warm water)

Tupperware offers a unique opportunity to have FUN, build strong friendships, earn money, enjoy take-your-breath-away recognition and build confidence. Just by PARTYING with Tupperware, you can earn these things and more!
