

Host a TupperConnect® Party!

Now, Tupperware Hosts can reach out and collect sales in a whole new way—through a TupperConnect® Party! With this amazing new feature, family and friends who can't physically attend your party can attend online!

Here's How It Works:

1. When you date your party, ask your consultant to make it a TupperConnect® Party.
2. You'll get an email invitation to register at Tupperware.com. Make sure to do this soon.
3. Log your guests into your party. Have their names and email addresses handy.
4. Pick an invitation to send to all their email inboxes!
5. You can monitor RSVPs, party and online orders.
6. Enjoy the prizes you earn with more sales from outside orders!

Imagine...

With this new feature, you can raise your sales numbers at your party, and earn everything on your host wish list. Now it's okay to invite those living out of town, and they can join in the fun of your Tupperware® Party, too!

Contact me today to date your TupperConnect® Party!
