

U.S. Shipping Rates Effective April 29, 2021

Shipping rates are based on order subtotal before tax. Same rates apply to all customer and Sales Force orders, including party and non-party orders (such as samples and sales aids).

From	Up To	Shipping
\$0	\$29.99	\$3.99
\$30.00	\$59.99	\$4.99
\$60.00	\$99.99	\$5.99
\$100.00	\$149.99	\$8.99
\$150.00	++	8%

For **direct shipping**, customers will also be charged an additional **\$5 direct ship fee** on orders up to \$150. For orders of \$150 and higher, the shipping fee is 8% with no additional direct ship fee. The direct ship fee does not apply to orders shipped to you as a Sales Force Member.

Examples:

Order Subtotal Before Tax	Shipping	Direct Ship Fee	Shipping Total
\$65.00	\$5.99	\$5.00	\$10.99
\$160	8%	Does not apply	\$12.80

For **samples and sales aids**, the shipping rate is calculated using the sampling price. Example: Sample a FridgeSmart® Container and sample price is \$15. It would be \$15 + \$3.99 for shipping.

All **awards** must be ordered through your next personal order of at least \$1 or more in other orders, such as samples or sales aids.

Note: Shipping rules for non-contiguous states (Alaska, Guam, Hawaii and Puerto Rico) to be defined.
