#### One Item Fundraiser Tips

Why Have a One Item Fundraiser

It's good for the community-You Reach more People-Only 1 Choice

You will give up most of your commission

But you get the Sales Credit and Host Credit/Gifts

Image if you could get 10 people to sell 10

That would be 100 items sold

You would have a \$1500 Party and get all the Host Gifts

They would make \$500 for their Fundraiser

This works because you are basically buying in BULK

Which means Cheaper Shipping

They would collect the orders and you would submit it

All orders would ship to one address

Or you could direct ship 1 sheet to 1 address

Example- Grandma lives in another state-have her sell 10 and direct ship to her. She would deliver them

When they are asking people if they want to support the fundraiser, I let them know that if anyone books a party off the fundraiser I will donate 10% back to the fundraiser after the party is held.

Here's the Math

\$15.00 × 10 = \$150.00

Shipping	\$12.00	
Ταχ	\$14.98	
Total	\$176.98
